## EDUCATION

B.Tech. in Electronics and Communication Engineering - Maharaja Surajmal Institute of Technology, GGSIPU (SGPA-8.92)

2023-2027

Class XII – Commercial Senior Secondary School (Marks – 88.8%)

2021-2022

Class X – S.D. Public Secondary School (Marks – 92.3%)

2019-2020

## SKILLS

- **Programming & Development:** Python, C++, C, JavaScript, Node, React, Next, HTML, Tailwind CSS
- **Business Tools:** MS Excel, MS Office
- **Design & Editing:** Adobe Illustrator, Adobe Photoshop, Adobe Premiere Pro, Canva, Figma, Blender 3D
- **Database and Data Management:** MySQL, RDBMS, MongoDB, PostgreSQL
- **Cloud, Deployment, and Tools:** HTTP/HTTPS, VS Code, Beautiful Soup, Git, GitHub, Google Cloud, AWS, Azure, WordPress

## WORK EXPERIENCE

Labmentix

Jul 2025 – Aug 2025

- Architected and maintained multiple full-stack web applications leveraging **React, Node.js/Express**, and **MongoDB**, with **CI/CD** pipelines for automated deployments.
- Optimized frontend bundle and server response times, reducing page **reload latency by 19%** through code-splitting, caching strategies, and query optimization.
- Developed and integrated end-to-end encrypted chat functionality using **WebSockets** (Socket.io) and **AES/RSA** encryption to ensure secure real-time communication.
- Refactored API architecture, **reducing external API calls by 12%** via local caching and batched requests, which improved system throughput by 15% (hits/sec) and lowered network overhead.

## CERTIFICATIONS

- Internet of things: [HERE](#)

## ACHIEVEMENTS

- Top performer in GenAI Study Jams organised by GDG MSIT : [HERE](#)
- Top performer in Code4Cause Hackathon organised at MSIT : [HERE](#)
- Top performer in 30 Days Challenge: MSC-MSIT : [HERE](#)
